

**LITTLE FERRY FIRE DEPARTMENT
JUNIOR FIREFIGHTER
COUNSELOR CONTACT CONSENT FORM**

It is a core value of the Little Ferry Fire Department to promote the growth and development of ALL of our members both inside the fire house and beyond. We believe that Junior Firefighters are the future of our department. WE also believe that there should be a balance between the department and a child's school life. With that the program administrator is requesting approval to contact your child's Guidance Counselor. At no time shall anything be discussed besides your child's grades, or any disciplinary action they have been assessed. At any time, consent shall be revoked by the child's parent or guardian. The request to revoke the permission shall be provided in writing to both the Program Administrator as well as the Childs Guidance Counselor. I hear by give consent to the program manager to contact my child's guidance counselor.
